

# COVID-19 SAFETY PRECAUTIONS

Encourage our staff or community members to protect their personal health.

Post signs and symptoms of COVID-19: (fever, cough, shortness of breath, chills, repeated shaking with chills, headache, sore throat, new loss of taste or smell, or muscle pain).

Ask people to stay home when sick.

Fevers checked as they entered the building.

Based on number of children enrolled, we may do staggered drop off.

Only one parent will be allowed to enter the facility. Drop off will be at the entrance way of the building to decrease the number of people in the building.

Hand sanitizer will be available at front entrance.

Remove all soft toys, area rugs and toys that are not easily disinfected.

Clean surfaces that are frequently touched – things such as shared desks, countertops, kitchen areas, electronics, and doorknobs.

We offer parents and students the decision as to whether the student is capable/willing/able to safely wear a face covering at school.

Added fun curriculum items about germs and their transmission.

Instituted a '30 minute' policy to ensure that anyone in the program who feels or or becomes ill will be quickly isolated and picked up/go home.

Limit events and meetings that require close contact and cancelation of large meetings.

Stay up to date on developments in our Dunwoody community.

Assess if community members are at higher risk and plan accordingly.

Follow the detailed Guidance for School Setting from the CDC and implement infection disease outbreak plan if needed.

## OUTBREAK PLAN

**IF WE IDENTIFY A CASE, WE WILL INFORM ALL WHO MAY HAVE BEEN EXPOSED**

**ADDITIONAL CLEANING WILL TAKE PLACE**

**WE CONTACT AND WORK WITH THE LOCAL HEALTH DEPARTMENT**
